

Yacht Repair

Mega Yacht Painting Division

At Grandweld, we maintain skilled yacht painters who are trained in the application of different yacht painting systems such as AWLGRIP, and INTERNATIONAL yacht paint.

Yacht Repowering

Grandweld engineering department provides all drawings related to repowering, including engine foundation modification, shaft arrangement, as well as changing the propulsion system. We have expertise in Z-drives, V-drives, stern-drives, in addition to conventional propulsion systems.

Grandweld Shipyards offers unique repair and maintenance services for yacht owners. From our modern facilities in Dubai Maritime City, our exclusive yacht division offers excellent repair and refurbishment services covering yachts of all sizes and all building types including fiber glass, wood, steel and aluminum.

Yacht repair activities include:

- Super yacht painting
- Yacht repowering
- Yacht refit / general repairs
- Engine overhaul
- Tail shaft repairs

General Repairs

Grandweld covers all aspects of yacht repairs. Our highly skilled marine engineers and repair specialists offer yacht repair and refit services, which include:

- Structural modification and accommodation refurbishment
- Design and installation of swim platforms
- Teak decking, design and installation of trim tabs, and electrical systems
- All kinds of piping jobs especially copper-nickel and stainless steel
